

## PRACTICAL TRUTHS FROM PSALMS

Want to live a happy productive life?

Chp 1- Don't listen to the world. Immerse yourself in & live by what God says!

Worried that the great & seemingly powerful forces of the world might thwart God's goodness appointed & anointed for you?

Chp 2- Remember though the hostile forces of the world seem big next to you, they are insignificant to God. Run to Him! You'll be just fine.

Overwhelmed by guilt... feeling like you stepped beyond the boundaries of forgiveness... beginning to believe as many say that God may save others but you are undeserving!

Chp 3- Don't listen to them! Call out to God anyway, even if all you can do is cry towards Him. He will answer your cry!

Feeling angry & anxious over the dishonorable attacks & slanderous lies toward those who love & follow God?

Chp 4- Your anger won't make things better but your TRUST in God's power to call light out of darkness, good out of evil will bear witness. Your sacrifice of faith will not only be rewarded by God with gladness of heart but with the gift of undisturbed quietness & rest in your soul as well.

Feeling confused by the bold pontification of liars & their deceptive flattery which they use to gain advantage?

Chp 5- You know what they're saying isn't true! God isn't anything like them nor is He in anyway deceptive or manipulative. Do what you know is right. God will protect you.

Feeling droopy & depressed?

Chp 6- You left God for something or someone else! SEEK GOD. Tell those who don't seek Him to leave. Your shame & sorrow will leave with them!

Feeling righteous & self-vindicating looking for justice & judgment above everything else?

Chp 7- Neither your righteousness nor your vindication will bring you COMFORT or RELIEF. When you give thanks for God's righteousness & His sovereignty over all, praise & joy will replace pride & bitterness.

Feeling small, insignificant, bound & restrained by weakness?

Chp 8- Look around you, significance is not defined by grandeur or magnificence but by that which God appoints you to do.
