

THE ROAD TO HAPPINESS - Psalm

Happiness comes when you:

- 1- Listen & take counsel from God, not the world
- 2- God declares, "Christ reigns!" Run to Him for help!
- 3- Your feelings of guilt & the voices which declare you unworthy must not hinder you
- 4- Holding on to your anger over the mistreatment & deceptive attacks of others will only bring restless grief to you
- 5- Don't let the world confuse you. God doesn't compromise. He never approves or endorses wrong!
- 6- Don't bank on your goodness, bank on His goodness to save
- 7- Feeling self-righteous & longing for God's wrath on others will not bring comfort to you
- 8- God establishes superior strength & gives glory & majesty to the weak & foolish of the world, not the grand and great
- 9- Take note: It is your affliction & trials which beckons God's power & presence in your life
- 10- Pride & presumptuous boasting guarantees an eternal end to your existence. Humility & brokenness before God guarantees peace forevermore
- 11- It is important to remember that God is using the wicked to cause you to fly to Him
- 12- You will find no salvation in man's words, only in God's
- 13- When you are feeling impatient & depressed, it's a sign that you're not believing that God loves you
- 14- Taking control of your life brings dread,... affliction can cause you to release that control & find real revelation & restoration from God
- 15- When you are real & right with God you will find stability
- 16- Sorrow comes when you love & worship the wrong things. Joy & pleasure comes from God's presence.
- 17- Violent solutions can not bring closure. Satisfaction only comes from pleasing God.
- 18- Longing for the right thing is the difference between destruction & deliverance

- 19- All of creation & all of God's Word declares not only the coming of the Bridegroom but the preparation for Him... Don't trust yourself!
- 20- Pray only for God's salvation. Believe that He alone knows how & He alone will save & fulfill your greatest longings
- 21- O "Lord.... Save your way!"
